COLLECTION 2027

# WIND

A QUIET STATEMENT

Drape: PEGASUS 8A

Designed to bring character and sophistication to both indoor and outdoor spaces, our 2027 textile collections combine understated luxury, vibrant eclecticism and innovative technical performance.

Natural elegance defines ***Legend***, a collection that brings together refined fabrics available in widths of up to three metres, delicate embroidery on natural fabrics with a subtle sheen, and the pure beauty of authentic Belgian linen. In contrast, ***Music*** offers a colourful and eclectic mix of playful jacquards combining matt and glossy effects, silky stripes, elegant chenilles, plain fabrics with a subtle sheen, vibrant floral embroidery and colourful prints in extra-wide widths. ***California*** completes the trio, blurring the boundaries between indoors and outdoors with durable, washable and fade-resistant upholstery fabrics that stand out for their distinctive textures and striped designs.

**Signature stripes and colours**

Refined elegance has been the hallmark of our exclusive fabric collections for over fifty years. Our collections feature natural linen, luxurious plain and faux-plain fabrics, rich jacquards and embroidered curtains, alongside the latest generation of outdoor fabrics, flame-retardant textiles and soft wool rugs. Our signature stripe designs and contemporary colour palettes bring warmth and character to any interior. Behind every fabric we select lies the same vision: an uncompromising commitment to quality, a keen eye for emerging trends and a love of understated individuality.
